About Us

The luxurious Euphoria Resort is situated far from the fast pace of the city, along the sea shore of Kolymbari, 23 km west of Chania, Crete and 30 minutes away from Chania International Airport. It provides high-quality infrastructure and hospitality services for your family, giving emphasis to happiness, rejuvenation as well as healthy diet and gastronomy. We combine all the pleasures you want from a top 5 star hotel and at the same time, we invite you to discover the real Greek meaning of "well-being".

We are aiming to a healthier way of living in terms of nutrition and exercise and we are willing to follow this philosophy. 'Active holidays' have become a main trend worldwide. Crete, a landmark in the so-called Mediterranean gastronomy, has always been popular in having the elements to support a healthy way of living. Olive oil, herbs, fruits and vegetables are the baseline of local ingredients used in the food concept of Euphoria Resort. By introducing local cuisine we support local producers and local workforce, always with respect to the environment and sustainability.

Along with the local food concept, special menus are introduced, devised by certified nutritionists. These menus satisfy the need of balanced meals, rich in protein and low in carbohydrates, provide energy, balance and improve metabolism.
